

2007 Commendations

Network Installation

Office Resources - May 8

"Brown-Forman and I received fantastic service recently from your Network Coordinator and above and beyond service from the field crew. The construction schedule on this job moved like Jell-O and your folks were able to react to the changes quickly and pleasantly.

This is the second opportunity I have had to use Business Interiors to support an order for Brown-Forman. My contact in Dallas was relieved to see Business Interiors bringing the furniture into their space because they are so professional."

Rental

Capgemini Energy LP (CGE) - May 17

"I wanted you to know how proud I am to get an email such as the one listed below. Once again Business Interiors has performed to a Gold Star performance level. Your team of professionals continue to strive for excellence. I hope that you will communicate our congratulations for a job well done. Teamwork is the name of the game and Business Interiors promotes this in their day to day activities and communications with their clients. Your company makes my job a lot easier in many ways. Thanks again for a job well done!"

"The crew that Business Interiors used to remove the rental furniture were very professional, followed all safety rules and requirements for un-escorted access. Its a pleasure to work with such a crew. Thanks for your cooperation in the timely removal of all rental furniture, I thank you and the project thanks you."
