## **Expansion/Reconfiguration**

Healthcare Payment Specialists

July 2

*"As a longtime customer of Business Interiors I thought I would write you a quick note about an outstanding experience we recently had. Due to rapid growth, we found it necessary to procure additional office space at our current location. The expansion required a significant reconfiguration of the current cubicles along with the installation of additional cubicles. This work needed to be completed prior to any construction taking place. With a tight deadline proceeding a three day weekend we had significant reservations to say the least. The Business Interiors crew arrived two days prior to the demolition/construction crew and transformed an impossible situation into exactly what we needed to proceed with the demolition over the weekend. Business Interiors Project Manager did a fantastic job keeping the crew on task and moving quickly through the reconfiguration and assembly with a minimum amount of disruption and downtime. He was a pragmatic problem solver and the personification of "cool, calm and collected". With his leadership and the hard work of the Business Interiors crew our reconfiguration was completed with time to spare. Please give the crew a pat on the back from all of us. We truly appreciate the extraordinary efforts they went through to make this a stress free and successful project. I look forward to working with Business Interiors for many years to come."*

July 8

*"I would like to thank you and Business Interiors for the excellent job you did for us in reconfiguring our office space. The work was completed way before your promised time. By doing this you minimized our down time. The work crew was very professional and completed the work while having to work around us, which I am sure made their job more difficult. Not only did you exceed your deadline but the work done was very thorough. I have not had one call that something in a cube was not finished. I know to do work of this caliber, a lot of preplanning was done and I would like to thank you and all the others who worked behind the scene on our project. We want you to know how much we appreciate your excellent work. It was a pleasure working with you all."*

## **Network Installation**

Target Commercial Interiors

July 27

*"I want to pass along all the wonderful feedback we receive on your installation crew. Humana and Colliers continue to compliment your team, how fast, professional and knowledgeable they are. We are very fortunate to be working with BI. Thank you!"*

---

## **Relocation**

Ware & Associates

May 26

*"Ware & Associates want to take the time to commend you and your staff on the magnificent job they did in moving Ware & Associates on May 20, 2009. The Business Interiors team was very professional and made sure that nothing was left undone, this was teamwork at its best. It certainly helped to make this move a smooth transition and we just want to say thank you for a job well done."*

## **Full-Service/Carpet**

Galderma

May 1

*"I just wanted to take a brief moment and tell you how much we at Galderma appreciate your staff. As you know, we just completed our new office building with all the new furnishings (it's just gorgeous) and the new carpet installation in our other building. What a job! Well, it couldn't have gone any better - no glitches. I know there are a lot of your guys that are responsible. I truly appreciate these individuals as they bend over backwards to assist me in my position as Facility Manager. I couldn't do my job without your team. Thank you."*
