

2013 Commendations

Full-Service Project

Strategic Equipment and Supply Corporation CFO

January 23

- **consolidation of two separate business units - 3 month turn**
- **15,000 SQ FT office/warehouse facility**
- **new product - 25 private offices, 50 work stations + conference/special use areas**

"I was well down the path with another supplier and received a call from Business Interiors with some follow-up email. After seeing the offerings from my selected provider, and getting a quote, I made a last minute call to BI and asked if they were interested in providing a quote – with about 3 days turnaround time. To make a long story short, I have never once regretted that call or the decision to go with Business Interiors! From all aspects of the business: furniture selection; quality and quantity of options; professionalism of the entire BI team; broad scope of services for design, installation, and moving; and knowing they will deliver what is promised — the experience has been exceptional!! As you can see from my title, this is not my area of expertise. Using BI made the entire process a much smoother effort than it was clear it would have been with my first choice provider. They have worked with us every step of the way to deliver an office environment we are all very proud of – and within budget!

One last note – the services provided by BI did not stop with the furniture delivery and installation. As all the little "post-move" issues have come up, including needing additional furniture, changing original designs, cleaning and corrections, etc., they have been very responsive and right there with us. I would recommend Business Interiors team to anyone given the opportunity!"

Reconfiguration/Installation

Texas Woman's University Systems Engineer

May 24

"Your installation team is finishing up here, and I just wanted to take this moment to compliment them. They were prompt, professional, and rearranged our setup perfectly. Their level of customer service and problem-solving was extraordinary, and they served as excellent ambassadors of your organization."
